

1st Pain360 Congress – 3 December 2021 Austria, Vienna

Pain360 is an innovative, multidisciplinary medical event, covering contemporary, holistic techniques and approaches to pain management and treatment, taught by experienced experts at the top of their field.

The Congress will include practical workshops, hands-on trainings and scientific sessions discussing the latest innovations in pain science. Pain360 will provide essential knowledge and experience to professionals dealing with any kind of pain, enabling them to acquire the skills in pain management needed to benefit the lives of their patients.

Help bridge the gap between pain disciplines and revolutionise the pain field by **joining the 1st Pain360 Congress in Vienna, Austria between 1–3 December 2021** for 3 exciting days of insightful education, hands-on trainings, shared knowledge, collaboration and inspiration.
